## RECORDING STUDIO SYSTEM

### 1. SCOPE

The City of Rochester is requesting proposals for a Recording Studio System to be utilized at the Gantt Recreation Center. Successful vendor to provide all equipment and materials required and to set-up the system so it is fully functional. Initial delivery of major components must be delivered and set in place by 3 p.m. Friday, December 20. System can be completed and made operational within two weeks of initial delivery and set-up.

### 2. SPECIFICATIONS

- 2.1 The bid specifications and requirements are intended to describe a complete, integrated working live recording studio system with the functionality and quality inherent in the equipment, materials and software specified herein
- 2.2 The specifications appear on the Proposal Page in the form of manufacturer's name and model number and in Appendix "A" per specified attachment by number.
- 2.3 The City is looking for delivery and installation of a complete system by the selected vendor. Successful delivery shall mean the vendor turning over to the City a fully functional and tested system.
- 2.4 Bidders do not have to be located in metropolitan Rochester, however, if they are not, they must demonstrate to the City how the bidder will have the system delivered and installed (for example by a qualified local representative) to meet the requirements of this specification.
- 2.5 The items listed in the Proposal and the related specifications have been pre-selected by the City as being readily available in the marketplace and of the quality desired to create a complete recording studio system. The City recognizes that some equipment specified may have been replaced by more recent products (example - the Apple computer - Item 1 and LED Cinema Display - item 19). If listed equipment is not available or the bidder proposes a better solution (at least the same quality), the bidder should note the alternate proposed where shown on the Proposal pages. When submitting an alternate, the bidder certifies that they believe that the alternate is equal to or better than the item originally specified, and that the alternate will work and provide at least the same functionality within the system as the item specified.
- 2.6 Alternates to the specified products must be clearly noted, and illustrations or catalog pictures and technical data must accompany all bids on alternate products to permit the City to make a fair "apples for apples" comparison with the item originally specified. The City shall retain sole discretion in determining to what extent other items are satisfactorily equivalent in meeting the needs of the Department.
- 2.7 The City prefers that all items be bid in order to have a complete system along with related peripherals. The City will first consider for award bids for which all items are bid.

## **RECORDING STUDIO SYSTEM**

### **3. MANUFACTURERS**

- 3.1 The manufacturers and product information cited in this specification are used to establish the minimum acceptable standards. Items of other manufacturers must meet or exceed the specifications to be considered as alternates.
- 3.2 Bids based on alternate manufacturers must be clearly identified as such, and bidders should include full product descriptions, detailed drawings or illustrations, specifications and list of users for references with their bid.
- 3.3. Acceptable equivalents will be determined by the Purchasing Agent, whose decision will be final.

### **4. METHOD OF AWARD**

- 4.1 Award will be made to the lowest responsive and responsible bidder based on Total Bid Price. The City's intent is for all items to be bid. However, the City reserves the right to make an award based upon unit prices for all items to be purchased, if not all items are bid.
- 4.2 Additional parts and labor warranty pricing is requested but will not be a factor in award.
- 4.3 Bidders must include in their bid price all reasonable and necessary transportation, shipping, handling, delivery and set-up costs. If there are additional set-up costs, bidders must note the per hour cost in the Proposal page. The City reserves the right to base its award to the lowest cost bidder after taking into account the additional set-up costs in addition to the cost of the items based upon Proposals submitted.
- 4.4 The City reserves the right to reject any bid where unit prices are unbalanced or not consistent with current market conditions.

### **5. DELIVERY, WORK SCHEDULE AND COMPLETION**

- 5.1 Initial delivery of major components must be delivered and set in place by 3 p.m. Friday, December 20. System can be completed and made operational within two weeks of initial delivery. Delivery shall be considered completed when all items and software have been made fully functional, tested and demonstrated to the satisfaction of the ordering department.
- 5.2 Delivery shall be FOB inside, including set-up and installation as specified, to the David Gantt Center, 700 North Street, Rochester, New York 14605.
- 5.3 The vendor shall schedule work so that undue interruption of the use of the area(s) may be avoided.
- 5.4 The vendor shall thoroughly clean the work areas of all debris resulting from the set-up.

## **RECORDING STUDIO SYSTEM**

### **6. TRAINING**

The vendor shall provide, as part of the delivery and set-up of the recording studio, training for staff of the DRYS Recreation Department in the operation of the system.

### **7. AUTHORIZED DEALER**

Vendors wishing to bid on the recording studio system must demonstrate to the satisfaction of the City that they are authorized dealers for the equipment included in their bids. Vendors should also indicate any and all warranties, guarantees, included service contracts, etc., provided as part of the initial equipment purchase. Vendors should indicate the availability of maintenance and service agreements they may provide for the equipment after expiration of initial warranties and guarantees, including prices and terms of subsequent maintenance agreements.

### **8. SET-UP AND TESTING**

8.1 Equipment set-up and testing will be the total responsibility of the successful bidder.

8.2 The vendor shall furnish all materials, equipment, software and supplies.

8.3 Vendor shall conform to all standard safety and security policies set forth by the City of Rochester.

8.4 Make final test of all equipment with Department personnel.

8.5 Payment will not be made until all equipment is tested and operational to the satisfaction of the DRYS Recreation Department.

### **9. ADDITIONAL INFORMATION**

9.1 The DRYS/Recreation Administration Department designates the following as its authorized representative to respond to inquiries regarding these specifications and the purchase of the Recording Studio System.

Anthony Jordan

9.2 The City retains discretion to evaluate any and all bids for conformity to the specifications, and to determine the suitability of any proposed equipment. Vendors submitting bids should include descriptive literature for each item of equipment.

## **RECORDING STUDIO SYSTEM**

- 9.3 The City reserves the right to order additional items similar to those specified herein if needed to create a system that meets the needs of the City. Pricing for additional items will be negotiated and upon approval, added to the Purchase Order. Only items approved by the City on a Purchase Order will be paid. The City reserves the right to order additional items in the open market if prices offered by the contractor are not acceptable to the City.

### **10. LENGTH OF CONTRACT**

The contract will be a one-time delivery only with the successful vendor required to guarantee a fixed price for sixty (60) days if additional items are required.

### **11. PAYMENT TERMS**

- 11.1 A single payment for all products and services will be payable after the system is fully set up, prepared for operation, tested and demonstrated to be fully-functional and meets or exceeds the specifications.
- 11.2 Vendor must accept City of Rochester Purchase orders.

### **12. GUARANTEE AND WARRANTY**

- 12.1 The contractor guarantees that the equipment is standard new equipment, latest model of regular stock product with all parts regularly used with the type of equipment and that no attachment or part has been substituted or applied contrary to manufacturer's recommendations and standard practice. Every unit delivered must be guaranteed against faulty material and workmanship for a period of one (1) year unless otherwise specified. If during this period such faults develop, the unit or part affected is to be repaired or replaced without cost to the City.
- 12.2 Accessories supplied must be compatible with the rest of the equipment.
- 12.3 All regularly manufactured stock electrical items shall be listed by Underwriter's Laboratories, Inc. Other electrical equipment shall be constructed to conform to applicable portions of National Electrical Code.
- 12.4 Where electronic components are part of the equipment, the manufacturer's standard guarantee shall apply.
- 12.5 If the vendor can offer an extended warranty to cover the equipment delivered, the annual price for the extended warranty should be provided on the Proposal page. This pricing will be used if the City elects to purchase the extended warranty in future years. A copy of the terms and conditions of the extended warranty should be submitted with the bid.

## **RECORDING STUDIO SYSTEM**

In the event a bid is submitted by a dealer, the dealer hereby guarantees that he/she is an authorized dealer of the manufacturer and that the manufacturer has agreed to supply the dealer with all quantities of items to be ordered by the dealer pursuant to any resulting contract with the City. The dealer agrees further to provide the City with a certificate from the manufacturer acknowledging same, if requested.
- 13.2 This clause is not meant to restrict the use of equal items.
- 13.3 The City reserves the right to reject any bid where the bidder cannot demonstrate their experience in successful delivery of a system like that specified herein. Bidder must provide at least three references upon request of the City.

### **14. NON-COLLUSIVE BIDDING CERTIFICATION**

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party certifies as to its own organization, under penalty of perjury, that to the best of knowledge and belief:

- 14.1 The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

Bureau of Purchasing

Department of Finance

## GENERAL CONDITIONS AND INSTRUCTIONS TO BIDDERS

(Vendor: The general rules and conditions which follow apply to all purchases and become a definite part of each formal invitation to bid, purchase order or other award issued by the City Purchasing Agent, unless otherwise specified. Bidders or their authorized representative are expected to fully inform themselves as to the conditions, requirements and specifications before submitting bids. Failure to do so will be at the bidder's own risk and he cannot secure relief on the plea of error.)

Subject to applicable Federal, State and Local laws, ordinances, rules, regulations and limitations, bids on all advertisements and invitations issued by the Department of Finance, Purchasing Bureau will bind bidders to applicable conditions and requirements herein set forth unless otherwise specified in the Invitation to Bid.

### CONDITIONS OF BIDDING

1. **Proposal Forms:** Bids shall be submitted only on the forms provided by the City. The bidder shall retain one copy for his files and submit two (2) copies signed and sealed in the envelope provided by the City for that purpose. When using an envelope other than the one provided by the City, the following required information must be entered in the lower left corner on the face of the envelope: Bid Number, Bid Title, Bid Open Date and Time, and Submitted By. The envelope must be mailed or hand delivered to the Office of the Purchasing Agent, City Hall, Room 105A, 30 Church St., Rochester, NY 14614.
2. **Late Bids:** Formal bids, amendments thereto, or requests for withdrawal of bids received by the City after time specified for bid opening will not be considered.
3. **Withdrawal of Bids:** A written request for the withdrawal of a bid or any part thereof may be granted if the request is received by the City prior to the specified time of opening.
4. **Mailing of Bids:** Bids which are to be publicly opened will have attached a special mailing envelope which must be used by bidders in presenting such bids. In the event that the bid contains bulky subject material, the special mailing envelope must be firmly affixed to any other wrapper being used. Bids not received in the actual office of the Purchasing Agent at the time established for bid opening will not be considered, even if mailed earlier.
5. **Completeness:** All information required by Invitation to Bid must be supplied to constitute a proper bid.
6. **Bids Binding 45 Days:** Unless otherwise specified, all formal bids submitted shall be binding for forty-five (45) days following bid opening date unless the bidder(s), upon request of the Purchasing Agent, agrees to an extension.
7. **Conditional Bids:** Qualified bids are subject to rejection in whole or in part.
8. **Payment Terms:** Prompt payment discounts allowing less than thirty (30) days for discount to apply shall not be considered as a cost factor in the evaluation of bids. In connection with any prompt payment discount offered, time will be computed from the date of receipt of correct invoice or receipt and acceptance of shipment, whichever is later.
9. **Bids for All or Part:** Unless otherwise specified by the City or by the bidder, the Purchasing Agent reserves the right to make award on all items, or on any of the items according to the best interests of the City. The Purchasing Agent shall further have the right to award separate items or groups to different vendors. Bidder may restrict his bid to consideration in the aggregate by so stating, but should name a unit price on each item bid upon; any bid in which the bidder names a total price of all the articles without quoting a price on each and every separate item may be rejected at the option of the City.

10. **Errors in Bids:** When an error is made in extending total prices, the unit bid price will govern. Carelessness in quoting prices, or in preparation of bid otherwise, will not relieve the bidder. Erasures or changes in bids should be initialed.
11. **Questions Re: Specifications:** Except for Public Works, any information relative to interpretation of specifications and drawings shall be requested of the Purchasing Agent, in writing, in ample time before the opening of bids.

DO NOT MAKE INQUIRES BY PHONE OR IN PERSON.

No inquiries, if received within five (5) days of the date set for the opening of bids, will be given any consideration. Any interpretation made to prospective bidders will be expressed in the form of an addendum to the specifications which, if issued, will be sent by ordinary or certified mail, at the City's option, to all prospective bidders no later than three (3) days before the date set for opening of bids. Oral answers will not be binding on the City.

12. **Response to Invitations:** In the event you cannot submit a bid on our requirements, as set forth in the "Invitation, Bid, and Agreement" attached hereto, please return the Invitation, Bid and Contract form with an explanation as to why you are unable to bid on these requirements. (Because of the large number of firms listed on the City's qualified lists of Bidders, it is necessary to delete from these lists the names of those persons, firms or corporation who fail to respond after having been invited to bid on a commodity or commodities for three successive bid openings). City reserves the right to delete.
13. **Multiple Bids:** No bidder will be allowed to offer more than one price on each item even though he may feel that he has two or more types or styles that will meet specifications. Bidders must determine for themselves which to offer. IF THE BIDDER SHOULD SUBMIT MORE THAN ONE PRICE ON ANY ITEM, ALL PRICES FOR THAT ITEM MAY BE REJECTED AT THE DISCRETION OF THE CITY PURCHASING AGENT.
14. **Taxes:** The City of Rochester is exempt from State and Local sales and use taxes under Certificate No. AC 946 and is exempt from paying Federal excise taxes.
15. **Catalogs:** Each bidder shall submit in duplicate where necessary or when requested by the Purchasing Agent, catalogs, descriptive literature, and detailed drawings, fully detailing features, designs, construction, finishes and the like necessary to fully describe the material or work he proposes to furnish.
16. **Competency of Bidder:** No proposal will be accepted from or contract awarded to any person, firm or corporation that is in arrears or is in default to the City upon any debt or contract, or that is a defaulter, as surety or otherwise, upon any obligation to said City or had failed to perform faithfully within the prior three (3) years of any contract with the City. The bidder must present within 48 hours of a request evidence satisfactory to the Purchasing Agent of performance ability and possession of necessary facilities, pecuniary resources and adequate insurance to comply with the terms of these specifications and contract documents.

#### BID DEPOSIT

17. **Bid Bond, Cash, Certified or Cashier's Check:** When required, each bid shall be accompanied by a bid bond signed by a surety company authorized to do business in the State of New York, or by a cashier's check, certified business check, Treasurer's check or other direct obligation drawn on a responsible bank doing business in the United States, and shall be made payable to the City of Rochester, unless the bidder has on file with the Purchasing Agent an annual bid bond approved by the City with an uncommitted balance equal to the certified check requirements. When computing amount of Bid for Certified Check purposes, do NOT deduct for trade-ins. U.S. Postal Money Orders are acceptable in lieu of certified checks.
18. **Annual Bid Bonds:** Bidders who regularly do business with the City shall be permitted to file with the Purchasing Bureau an annual bid bond in the amount specified below. Such annual bonds shall be acceptable as surety in lieu of the furnishing of surety with each individual transaction.

Annual bid bonds shall be in an amount as determined by the bidder, of no less than Three Thousand Five Hundred Dollars (\$3,500.00). If at any time, the requirements of a specific bid invitation exceed the amount of the annual bid bond, or should the aggregate amount of the bid security requirements on all unresolved bids submitted by your firm exceed the amount of the annual bid bond, additional surety will be required in the appropriate sum.

19. **Performance Bond:** The successful bidder or bidders on this bid must furnish a performance bond as indicated on the bid cover, made out to the City of Rochester, prepared on an approved form or on a form supplied by an approved surety, as security for the faithful performance of his contract, within ten (10) days of his notification that his bid has been accepted. The surety thereon must be such surety company or companies as are authorized and licensed to transact business in the State of New York. Attorneys in fact who sign bid bonds must file with each bond a certified copy of their power of attorney to sign said bonds.

The successful bidder or bidders, upon failure or refusal to furnish within ten (10) days after his notification the required performance bond, shall forfeit to the City of Rochester as liquidated damages their bid deposit. At its option, the City shall have the right to accept cash, certified checks, letters of credit or such other security as the City deems appropriate in satisfaction of the foregoing bond requirements.

20. **Samples:** The samples submitted by bidders on items which they have received an award may be retained by the City until the delivery of contracted items is completed and accepted. Bidders whose samples are retained may remove them after delivery is accepted. Bidders who are not awarded a bid must remove their samples as soon as possible after award has been made on the item or items for which the samples had been submitted. The City will not be responsible for such samples if not removed by the bidder within thirty (30) days after the award has been made.

Bidders shall make all arrangements for delivery of samples to place designated by the City as well as the removal of samples. Cost of delivery and removal of samples shall be borne by the bidder. All samples packages should be marked "Samples for Purchasing Bureau" and each sample should bear the name of the bidder, item number, bid number, and shall be carefully tagged or marked in a substantial manner. Failure of the bidder to clearly identify samples as indicated may be considered sufficient reason for rejection of bid, and in such cases the City will not be liable for the loss of samples.

#### SPECIFICATIONS

21. **Trade Names:** In cases where an item is identified by a manufacturer's name, trade name, catalog number or reference, it is understood that the bidder proposes to furnish the item so identified and does not propose to furnish an "equal" unless the proposed "equal" is definitely indicated therein by the bidder.

The reference to a name brand is intended to be descriptive but not restrictive and only to indicate to the prospective bidder articles that will be satisfactory. Bids on other makes and catalogs will be considered, provided each bidder clearly states on the face of his proposal exactly what he proposes to furnish, and forwards with his bid, a cut, illustration, or other descriptive matter which will clearly indicate the character of the article covered by the bid.

The Purchasing Agent hereby reserves the right to approve as an equal, or to reject as not being equal, any article the bidder proposes to furnish which contains major or minor variations from specification requirements but may comply substantially therewith.

If no particular brand, model, or make is specified, and if no data are required to be submitted with the bid, the successful contractor, after award and before manufacture or shipment, may be required to submit working drawings or detailed descriptive data sufficient to enable the Purchasing Agent to judge if each requirement of the specifications is being complied with.

22. **Formal Specifications:** The Bidder shall abide by and comply with the true intent of the specifications and not take advantage of any unintentional error or omission, but shall fully complete every part as the true intent and meaning of the specifications and drawings. Whenever herein mention is made of any article, material, or workmanship to be in accordance with laws, ordinances, building codes, underwriter's codes, A.S.T.M. standards, or similar expressions, the requirements of these laws, ordinances, etc. shall be construed as the minimum requirements of these specifications.

## AWARD

23. **Award or Rejection of Bids:** The contract will be awarded to the lowest possible and responsive bidder complying with the provisions of the Invitation, provided the bid price is reasonable and it is to the interest of the City to accept it. The Purchasing Agent reserves the right to reject any or all bids and to waive any informality in bids received whenever such rejection or waiver is in the interest of the City. The Purchasing Agent also reserves the right to reject the bid of a bidder who has previously failed to perform properly or complete on time contracts of a similar nature, or a bid of a bidder where investigation shows the bidder is not in a position to perform the contract.

In determining responsibility, the following other qualifications, in addition to price, will be considered by the Purchasing Agent:

- a) The ability, capacity and skill of the bidder to perform the service required within the specified time.
- b) The character, integrity, reputation, judgment, experience and efficiency of the bidder.
- c) The quality of performance of previous contracts or services.
- d) The previous and existing compliance by the bidder with laws and ordinances relating to previous contracts with the City and to the bidder's employment practices.
- e) The sufficiency of the final resources and ability of the bidder to perform the contract or provide services.
- f) The quality, availability and adaptability of the supplies or contractual services to the particular use required.
- g) The ability of the bidder to provide future maintenance and service for the use of the subject of the contract.
- h) Whether the bidder is in arrears to the City, in debt on contract, is a defaulter on surety to the City, or whether the bidder's taxes or assessments are delinquent.
- i) Such other information as may be secured by the Purchasing Agent having a bearing on the decision to make the award.

In determining a bidder's responsiveness, the Purchasing Agent shall consider material deviations from the advertised specifications which materially affect price, quantity, quality or limit the bidder's liability.

24. **Notice of Acceptance:** A written award (or Acceptance of Bid) mailed (or otherwise furnished) to the successful Bidder within the time for acceptance specified in the Invitation to Bid shall be deemed to result in a binding contract without further action by either party.
25. **Tie Bids:** If two or more bidders submit identical bids and are equally qualified, the decision of the City to make award to one or more of such bidders shall be final. Selection may be made by drawing lots.
26. **Resident Bidders - Preference:** Price and other factors being equal, preference may be given first to resident bidders of the City, except when in the judgment of the City such purchases would operate to the disadvantage of the City, and selection by drawing lots shall not apply where the tie bids are between a resident and non-resident bidder.
27. **Specific Bid Quantities:** Where quantities are specifically stated, acceptance will bind the City to order quantities specified and to pay for at contract prices all such supplies or services delivered that meet specifications and conditions of the contract. However, the City will not be required to accept delivery of any unorderd balances as of the contract expiration date unless the contractor furnishes the Purchasing Agent with a statement of unorderd balances not later than ten (10) days after the termination date of the contract.
28. **Requirements Bid Quantities:** On "Requirements" bids, acceptance will bind the City to pay for, at unit bid prices, only quantities ordered and delivered.

29. **Availability of Funds:** The City shall be obligated to pay for goods and services received only to the extent that money has been appropriated and encumbered for such purpose. The contractor in turn shall be obligated to perform only so long as money is available to pay for the goods and services it supplies. If this contract extends through one fiscal year of the City into the next year, the City's obligations hereunder shall be specifically limited to and shall be conditioned upon the appropriations for such following year.
30. **Contract Alterations:** The contractual terms, conditions and provisions of this contract, including all general conditions and instructions to bidders, shall not be modified by the bidder. The Purchasing Agent shall have the right, at his option, to treat any bid submitted with additional or differing contract provisions as informal or to ignore such additional provisions and to award as if such additional provisions had not been submitted by the bidder. This section shall not apply if the request for bids or the specifications specifically invite the bidder to submit additional or modifying provisions, but only to the extent that such additional or modifying provisions are requested by and are acceptable to the Purchasing Agent. Where the bidder submits a bid for goods or services which vary from the City's specifications, the decision of the Purchasing Agent of whether such goods or services are functionally equivalent to the goods or services requested by the City shall be final. Alterations or changes in the specifications of the goods or services furnished under this contract can only be made upon the written authorization signed by the Purchasing Agent, and any other alteration or modification that is not signed by the Purchasing Agent or his designated representative shall be void. Alterations in contract language shall further require the approval of the City Department of Law.
31. **Term of Contract:** This contract shall remain in force for the period specified unless extended by mutual consent of both parties or terminated as provided herein.
32. **Termination of Contracts:** Contracts shall remain in force for full periods specified and until all articles ordered before date of termination shall have been satisfactorily delivered and accepted and thereafter until all requirements and conditions shall have been met, unless:
- a) terminated prior to expiration date by satisfactory delivery of entire contract requirements.
  - b) extended upon written authorization of the Purchasing Agent and accepted by contractor, to permit ordering of unordered balances or additional quantities at contract prices and in accordance with contract terms.
33. **Subletting of Contract:** It is mutually understood and agreed that the Contractor shall not assign, transfer, convey, sublet or otherwise dispose of his contract or his right, title or interest therein, or his power to execute such contract, to any other person, firm or corporation without the previous written consent of the City Purchasing Agent, but in no case shall such consent relieve the Contractor from his obligations, or change the terms of the contract.
34. **Default:** The contract may be cancelled or annulled by the Purchasing Agent in whole or in part by written notice of default to the Contractor upon non-performance or violation of contract terms. An award may be made to next low bidder, or, articles specified may be purchased on the open market similar to those so terminated. In either event, the defaulting Contractor (or his surety) shall be liable to the City for costs to the City in excess of the defaulted contract prices. Provided, that the contractor shall continue the performance of this contract to the extent not terminated under the provisions of this clause. Failure of the contractor to deliver materials or services within the time stipulated on his bid, unless extended in writing by the Purchasing Agent, shall constitute contract default.
35. **Delivery Failures:** Failure of a Contractor to deliver within the time specified, or within reasonable time as interpreted by the Purchasing Agent, or failure to make replacements of rejected articles when so requested, immediately or as directed by the Purchasing Agent, shall constitute authority for the Purchasing Agent to purchase in the open market articles of comparable grade to replace the articles rejected or not delivered. On all such purchases, the Contractor shall reimburse the City within a reasonable time specified by the Purchasing Agent, for any expense incurred in excess of contract prices or the City shall have the right to deduct such amount from monies owed the defaulting Contractor. Such purchases shall be deducted from contract quantities. Should public necessity demand it, the City reserves the right to use or consume articles delivered which are substandard in quality, subject to an adjustment in price to be determined by the Purchasing Agent.
